**Owner: Director of Compliance and Contracts**

**Title: Comprehensive Care for Joint Replacement “CJR” Model Selection Criteria for CJR Physician Collaborators**

- e. Physicians must acknowledge and be in compliance with the best practice of mandating Beneficiaries to attend pre-operative class(es) either online or in person.
  - f. Physician shall have reviewed and agreed to participate in Hospital’s Care Redesign Plan which sets forth the quality of care to be delivered by Collaborator to Beneficiaries during the CJR Episode of Care.
3. **Physician Group Practice “PGP” Criteria**
- a. PGP shall have a written agreement with Hospital to provide specialty patient care services to Hospital’s patients, including Beneficiaries.
  - b. PGP shall be a California Professional Corporation or Limited Liability Company that employs or otherwise engages physicians who are licensed by the State of California, Board Certified in the designated specialty, and a member in good standing of the active orthopedic staff of Hospital with privileges correspondent to the practice of PGP and its PGP Members.
  - c. PGP and/or PGP Members shall be enrolled as a Medicare provider and shall be in compliance with all Medicare provider enrollment requirements, including but not limited to, having a valid and active TIN or NPI.
  - d. PGP shall have in place systems sufficient and necessary to collect and report to Hospital patient data related to Pre-and post-operative periods for primary total hip and total knee arthroplasty procedures, including patient reported outcomes data.
  - e. PGP and its PGP Members shall have reviewed and agreed to participate in Hospital’s Care Redesign Plan which sets forth the quality of care to be delivered by PGP and its PGP Members to Beneficiaries during the CJR Episode of Care.
4. **Gainsharing Payments:** Recognizing that objectives of the CJR Model are quality improvement and reduced episode cost, the Care Redesign and Success Measurement Plan, described herein as the same, may be amended from time to time, shall be set forth in the Physician Collaborator Agreement and applied to CJR Physician Collaborators’ performance for purposes of achieving gainsharing payments.
5. **Care Redesign and Success Measurement Plan:** The HOI care redesign model will align with HOI’s Value Equation (Triple Aim), and use quality measures, as outlined in the CJR Physician Collaborator Agreement, to evaluate quality improvement and reduced episode cost as defined by yearly contractual agreements.
