

# Every 12-hour Nozin<sup>®</sup> Nasal Antiseptic Fact Sheet

What is NOZIN<sup>®</sup>?

- Nozin<sup>®</sup> is an antiseptic for the nose in a pleasant and moisturizing application.
- The formula combines ethanol (alcohol) with antioxidant rich natural emollients. Nozin does contain citric oils and should not be used if contact dermatitis allergy.
- Nozin<sup>®</sup> nasal antiseptic showed to inhibit the growth of bacteria in the nose over a period of up to 12 hours in studies. Therefore, reuse Nozin<sup>®</sup> every 12 hours (i.e. 9am and 9pm).

## How do I use Nozin<sup>®</sup> bottle?

1. Shake the bottle well.
2. Apply about 4 drops to saturate cotton swab tip (Q-tip).
3. Swab EACH nasal vestibule (nostril) SIX times in each direction (use separate swab per nostril).
4. Discard cotton swab tip after use.

## Warnings
